Dear Saanich Resident;

Re: Allenby Park Playground Replacement

Following several months of consultation and design development, Saanich Parks is pleased to inform you that Allenby Park improvements will be underway shortly. The work to improve the playground and sport court will commence the week of July 18, 2022 and continue into early September, weather permitting.

Enhancements to the playground includes new play equipment, accessible ramps into the playground, and accessible wood chip safety surfacing. The sport court will have hockey goals and basketball standards at each end. Additional park improvements include a natural play area, new main pathway, park furniture, bike racks and tree planting.

The construction will involve some machinery and truck movement on Townley Street. We expect any disruptions to be minor and we thank those affected neighbours for their patience and understanding as we work to improve the park for the benefit of our community.

If you have any questions regarding the project, please contact Saanich Parks at 250-475-5522. Project information is available on the Saanich website at saanich.ca/parks.

Sincerely;

Paul de Greeff

Park Planning and Development Manager
